The providers say this about its services: *“Learn-It’s proven system pinpoints student’s skill gaps and allows our instructors to focus on those particular skills so that students can succeed in school and on state standardized tests. Using Link-It! Assessments, each student will receive a timely individual profile and instructional plan that provides a clear roadmap for each student’s work during the intervention. This individual profile is also provided to parents so they know their child’s areas of strength and weakness as measured on the Alabama State tests. Because the report is timely and specific, it informs instruction in a way that few standardized assessment are able to do, giving teaches the support they need to teach students what they don’t know and to avoid re-teaching content that has already been mastered.”*

<p>The provider says this about its services: <i>“The HEROES Program helps ensure that students have equal opportunities in life by improving their reading skills and introducing them to great men and women who have accomplished something extraordinary. Each semester, in addition to improving their reading skills, students will select and read the biography of a famous hero or heroine using the targeted skills from daily instruction. Once monthly for one half hour, students will actually meet and greet local heroes/heroines and learn more about what it takes to do something extraordinary.”</i></p>
